We also make some of the coolest iPhone apps...

An advertisement for the 'Classics' iPhone app. The background is a dark wood texture. At the top, the word 'classics' is written in a large, elegant, gold-colored script font, with 'Reading redefined' in a smaller, sans-serif font below it. A gold button with the text '99¢ Buy Now!' and a right-pointing arrow is positioned below the text. To the left, three book covers are displayed: 'The Wonderful Wizard of Oz', 'Bram Stoker's Dracula', and 'Call of the Wild'. To the right, a black iPhone is shown displaying the app's interface, which features a page from 'Alice's Adventures in Wonderland'. A gold seal in the top right corner of the iPhone screen reads 'over 450,000 sold!'. At the bottom of the iPhone screen, a small icon of a bookshelf with three books is visible.
